Fatty Fatty

Fab 5

I really love you fatty fat
Fatty fatty yeah
I really love you fatty fat
Fatty fatty yeah

I love your body when you drop off your body
I love your body when you lie down very low
I love your body when you shake off your body
I love your body when you're sliding very slow

I really love you fatty fat
Fatty fatty yeah
I really love you fatty fat
Fatty fatty yeah

I love your body when you shake off your body
I love your body when you lie down very low
I love your body when you break off your body
Seems to me that you do it very slow

I really love you fatty fat
Fatty fatty yeah
I really love you fatty fat
Fatty fatty yeah

I really love you fatty fat
Fatty fatty yeah
I really love you fatty fat
Fatty fatty yeah

I love your body when you drop off your body
I love your body when you lie down very low
I love your body when you shake off your body
I love your body when you're sliding very slow

I really love you fatty fat
Fatty fatty yeah
I really love you fatty fat
Fatty fatty yeah
