

# Another Puff

## Jerry Reed

I know there`s a lotta talk going around today  
About cigarette smoking whittling your life away  
I`ve seen it and I`ve heard it so many times  
That finally it just started to prey on my mind  
I guess it scared me a little bit  
That`s why I decided I was gonna quit  
So while I was sitting here forming my battle plan  
I took another puff and turned on the fan  
I just sat there in my easy chair  
And thought of all the money I`d wasted on cigarettes all these years  
I thought how I`d spend the rest of my days  
After I kick this habit my body craves  
Said to myself this ain`t gonna be so tough  
With that little bit of assurance  
I took another puff  
I took a puff, a puff, then I ripped off another puff  
I decided I`d about had about enough  
That breaking this habit won`t be too toughNow I`ve give a lot of thought to this thing  
If I didn`t smoke cigarettes I`d feel just like a king  
Besides with the price going up every day  
I knew I was just throwing all my good money away  
You know I ain`t lit one in an hour or so?

Just wanted to make sure I could quit you know  
I was thinking maybe I oughta write all this down  
Put it in a song kinda circulate it around  
Can`t ever tell it might make a hit  
And that redneck Hall did a little bit  
Can you imagine me a hit songwriter!  
Now where`s... where`d I put that cigarette lighter?  
After all it`s a habit and a habit you can break  
Just a little bit of willpower son that`s all it takes  
I said to myself you got to be tough!  
And with that little bit of wisdom  
I took another puff  
I took a puff, and then a puff, then I finally ripped off another puff  
And I decided boy this ain`t gonna be tough  
Besides I`d just about had enough  
I`m about ready to quit this rotten habit anywayOh I think they ought to take it offa television

Don`t misunderstand me I hate cigarettes  
Makes ya cough, and when ya don`t smoke it makes ya shake  
I don`t know what`s worse, the shake or the cough  
I think I`ll make me a coughshake, oh!

Oh I remember one time I quit smoking  
I quit for three months  
My wife left me  
So did my children  
She took my house and left
