Snake Dance

Monster Magnet

Ear spot in a cornfield
We got a girl in an army coat
I pull up the Gran Turino
And play some music for the holy ghostGo, go, go
Yeah baby, smoke them bonesPraise me the Bullgod
She got fleas stuck all over her skin
Take a dive in the nose bleed
And let the snake dance beginShe licked a sheet of water
Now she's breathing through her teeth
Hissing like a snake with tits
And squirming up to meGo, go, go
Yeah baby, smoke them bones
Go, go, go
I'm so fucking stonedIf Satan lived in Heaven, he'd be me
And acid dirty doves and stupid sheep
That bone did triple, I can make you see
Rub that naked belly up to me, yeah yeah, oh yeahGo, go, go
Yeah baby, smoke them bones, yeah
Go, go, go
I'm so fucking stonedIf Satan lived in Heaven, he'd be me
And acid dirty doves and stupid sheep
That bone did triple, I can make you see
Rub that naked belly up to me, yeah yeahUp to me, yeah
Up to me
Up to me, yeah
Up to me
