# Tell Him

## [Linda Ronstadt](#)

I know something about love
You gotta want it bad
If that guy's got into your blood
Go out and get himIf you want him to be
The very part of you
Makes you want to breathe
Here's the thing to doTell him that you're never gonna leave him
Tell him that you're always gonna love him
Tell him tell him tell him tell him right nowI know something about love
You gotta show him
And make him see the moon up above
Go out and get himIf you want him to be
Always by your side
If you want him to
Only think of youTell him that you're never gonna leave him
Tell him that you're always gonna love him
Tell him tell him tell him tell him right nowEver since the world began
It's been that way for men
And women were created
To make love their destinyThey why should true love be
So complicated oh
I know something about love
You've gotta take himAnd show him what the world is made of
One kiss could prove it
If you want him to be
Always by your sideTake his hand tonight
Swallow your foolish prideTell him that you're never gonna leave him
Tell him that you're always gonna love him
Tell him tell him tell him tell him right now
