## Circleslide

One of my greatest fears is it
I can't touch it, but I can feel it
It does not have a taste or smell
But I can hear it in my spiritIt is deep inside of me
It makes me fear my memory
One day Ill live peacefully
Without the fear of itIt is something I can't see
But it can never possess me
It always tries to take control
I can defeat it if I believe itIt is deep inside of me
It makes me fear my memory
One day Ill live peacefully
Without the fear of itIt keeps running through my mind
I have to fight it time and time
And time and time
And time and time againIt is deep inside of me
It makes me fear my memory
One day Ill live peacefully
Without the fear of itThe more I understand about it
The less my world revolves around it
Then I can just live out my life
Without the fear of it
