

# Belong to You

## Hala

itâ€™s alright  
i donâ€™t really want to stay with you  
i know now  
i was right  
and believe me  
she was a scene  
believe me

(CHORUS)

if you want to try  
i would surely die  
for something new  
give me something else  
to savor this  
thought

(sexy guitar riff)

(first few lines of this song I donâ€™t know)  
and all I ask  
is that you treat them with care

alright yeah

(CHORUS)

if you want to try  
i would surely die  
for something new  
give me something else  
to savor this  
thought

(sexy guitar riff closing)
