

# The Safest Place

[Leann Rimes](#)

Thank God, you were by my side  
On a night, on a night, on a night  
Daytime, I'm fine  
Everything is back to normal  
Last night I thought that I would die  
I had nightmares, I was so scared  
Thank God that you were by my side  
To hold me when I cried  
I wanna be strong  
But I don't wanna be alone tonight  
I wanna believe that I can save the world  
And make it right  
But I believe that you've got a hero's face  
Right here in your arms is the safest place  
The safest place  
It feels so real  
You showed me I can trust you  
With emotions I had locked away  
It was your touch, your words  
They hear the deepest part of me  
That only you can see  
I wanna be strong  
But I don't wanna be alone tonight  
I wanna believe that I can save the world  
And make it right  
But I believe that you've got a hero's face  
Right here in your arms is the safest place  
As long as I'm with you  
As long as I can feel you  
That's all I need to keep me going  
On and on and on and on  
I wanna believe that I can save the world  
And make it right  
I believe that you've got a hero's face  
Right here in your arms is the safest place  
Right here in your arms is the safest place  
The safest place, the safest place
