This is a letter that Ive been meaning to write to you
No, no, no, no, no
To the one I love the most, this is my song to youSee there was a time in my life when the love I had for you
Would steady grow everyday but now its like
Love slipped away from us and we cant get it back on track
You're telling me, talking back, yeahI wanna tell you exactly how I feel but every time
I open my mouth words dont come out right so I
Sat down and wrote it down with a piece of paper
Hopefully youll see it and youll read it a little laterL O V E L E double T E R
Sent from my heart, I mean my H U R T
Give you my love, my love letter, I wanna give you my
Love letter love, I love you, love you, love youL O V E L E double T E R
Sent from my heart, I mean my H U R T
Give you my love, my love letter, I wanna give you my
Love letter love, I love you, love you, love youSo where do you go when the house that you made
Your happy home, just for two aint so happy anymore
Come on baby, this ain't you and me
Know as well as I do thats not how its supposed to beIf I could you know I would turn back the hands of time
In our relationship, go back to when things were fine
How I wish that it would just get better
Instead of sitting here writing this damn letterL O V E L E double T E R
Sent from my heart, I mean my H U R T
Give you my love, my love letter, I wanna give you my
Love letter love, I love you, love you, love youL O V E L E double T E R
Sent from my heart, I mean my H U R T
Give you my love, my love letter, I wanna give you my
Love letter love, I love you, love you, love youThis is our last chance to save
What we have damaged, baby, oh yeah, yeah
Theres no point in letting go cause I still feel for youAnd I wanna tell you, youre all a man could ask for
Girl, I promise that well make it work
Girl, give me this chance to be
This is my love letter girl, yeahL O V E L E double T E R

Sent from my heart, I mean my H U R T
Give you my love, my love letter, I wanna give you my
Love letter love, I love you, love you, love youL O V E L E double T E R
