

HUSH (ft Charli Brix)

Biometrix

So lay down, slowly.
It's a playground tonight.
I'll take the tension, gently.
Watch the heat build in our eyes. And I'll keep it hush!
And I'll keep it hush!
So lay down...
And I'll keep it hush! So lay down, slowly.
Keep a secret with me.
I'm here to take you, on a journey.
To the wildest it can be, So come now, let's go deeper,
And deeper,
And deeper,
As we take the ride.
There is just no reason
To whisper a word of the things
That we do to keep us satisfied. And I'll keep it hush!
And I'll keep it hush!
Can you feel the rush?
Can you feel the rush? So lay down, slowly.
It's a playground tonight.
I'll take the tension, gently.
Watch the heat build in our eyes. And I'll keep it hush!
