

Bystanders Day to Shine

Sullivan

A slap in the face, did she let you go?
she said I don't wanna be here, I thought you should know
I don't wanna be saved this time, like the last time, like the last time
I don't wanna feel bad, when you're not around
you don't wanna feel guilty, she let you down
you just wanna feel free this time, like the first time, like the first time I might be kinda crazy, to put things in
check
that in go all the future, we're all to what's left
there's a choice to made this time, is it our time, is it our time
then you'll figure out, that you're better off holy
you'll call me up, I say why don't you have me
to change your mind by now, I don't know, what you're about, I don't know she's searching for ways, to try and
feel better
he's searching for things, to try and forget her
but her company's just to much, they remember, I remember I'll drop in to you, and we'll joke about past lies,
the way that they end
and reckoned in past lies, bystanders day to shine, shine alone
but he still has, in his mind, stay away
