

# Generation Execute

## Lard

I went to Blockhead Video  
To rent a tape of people makin' love  
Couldn't find no love in here  
It's a family store, see here!  
Settled for Faces Of Death  
But they'd rented it to some kid  
I'm tired of the same old gore  
Kick Butt Cable Network gives me more  
All day  
All night  
Broadcast live  
Gas  
Fry  
Injection  
Die  
Bring the pretzels, bring the kids  
Have a party, have a beer  
Phil Donahue got his wish  
Executions on live TV  
Here's your host, Kozy Kinkwicket!  
What's your name?... You're 14?  
And what are you being put to death for today?  
Is your family here?  
What was your last meal?  
Any last words for the fans?  
Longer you cling to life-  
More prizes for your friends  
Gas  
Fry  
Yeh  
Awright  
What's it gonna be, Old Sparky?  
More points for the firing squad  
Grand prize, step inside  
The Hundred Thousand Dollar Gas Chamber  
Answer one question:  
How do we teach, 'Thou Shalt Not Kill'?  
The gas is rising  
There goes the bell

Five minutes...  
Six minutes...  
Ladies and gentlemen,  
He's swallowed his tongue!  
Vanna applauds
