

Kizza Me

Big Star

Dreams and wishes, like shooting stars
Coming up rushes
I want to white out
I want to white out I want to feel you deep inside
I want to feel you deep inside
I want to feel you, yeah
Kizza me
Lesa, why not Curse wild, windy linen
Warm life, so-and-so
I want to white out
I want to come on out I want to feel you deep inside
I want to feel you deep inside
I want to feel you, yeah
Kizza me
Lesa, why not Dreams and wishes, shooting stars
Coming up rushes, okay okay
I want to white out
I want to white out I want to feel you deep inside
I want to feel you deep inside
I want to feel you, yeah
Kizza me
Lesa, why not That's enough, baby
