

Attachment to the Ancestor (Remastered)

Hypocrisy

Crippling ways
of religious innocence
of ??
and now get me naked
??
destroy the un? christ
? and slow death
become... to touch ???
to come here
seeing this arrival
with sorrow torturing ?
my power
for the ?
time has come
?? knife
or the eternal ??? voice will call you back:
no will, it's time to die
read in the book of life
the darkness is my salvationwanna see eternal life
? will take with you... your might
?? will see your soul
you will be a ? to ? me
