

# New World In The Morning

Roger Whittaker

Everybody talks about a new world in the morning. A new world in the morning so they say.  
I, myself don't talk about a new world in the morning. A new world in the morning, that's today.

And I can feel a new tomorrow comin' on.

And I don't know why I have to make a song. Everybody talks a bout a new world in the morning. New world  
in the morning takes so long.

I met a man who had a dream he had since he was twenty. I met that man when he was eighty-one. He said too  
manypeople just stand and wait up til the mornin', Don't they know tomorrow never comes.

And he would feel a new tomorrow coming on. And when he'd smile his eyes would twinkle up in thought.

Everybody talks about a new world in the morning. New world in the morning never comes.

And I can feel a new tomorrow coming on.

And I don't know why I have to make a song. Everybody talks about a new world in the morning. New world in  
the morning takes so long.
