

# Fuckin' Wit' D

DMX

Advisory - the following lyrics contain explicit language:

What's on y'all niggas minds, fucking with me  
Y'all know somebody has told you about fucking with D  
Stuck in a tree is what you will be, like a cat  
And I'm the dog at the bottom, looking up, "now what's that?"  
Your worst nightmare 'cause I take it right there  
You got niggas coming? Where they at? Right where?  
I make 'em like air, floating away  
Wouldn't tell what he was thinking so I opened a way  
Left him broken away, you know he hurt before he died  
Makes you wonder if he lost his shirt before he died  
Only two knew the answer and one of us is dead  
So anyone who seeks the truth can get it straight to head  
Then you and him can discuss what I did  
Yeah it was wrong, dawg, but I slid  
I'mma repent one day, just not right now  
You hear my shit all in the street, I'm kinda hot right now I don't give a fuck about  
Y'all niggas 'cause y'all ain't killing nothing  
I don't give a fuck about  
Y'all niggas 'cause y'all ain't killing nothing I wanna break bread wit' the cats that I starve with  
Wanna hit the malls with the same dogs I rob with  
Wanna be able to laugh with the niggas that I cried with  
When it's over be like these is the niggas that I died with  
What do you do when you find out in the hall there's a rat?  
What do you do when you find out that your dog is a cat?  
Shit, all niggs pack, can't hold but two  
So while you getting more gats I'm putting holes in you  
A snubnose will do,  
Break 'em off real propa'  
Need to keep spittin' and I ain't gonna stoppa'  
Cocka, unlocka, let her go!  
Give it to his man, just to let him know  
All things considered it was real for' a minute

Got what was yours and tried to steal something with it  
Now feel something hit it, your chest that is  
The best that is, is possibly the best that slid  
Don't stress that kid I don't give a fuck about  
Y'all niggas 'cause y'all ain't killing nothing  
I don't give a fuck about  
Y'all niggas 'cause y'all ain't killing nothing When niggas hear that dog bark, they better run  
When police hear that dog bark, they better come  
They expect to save their lives, but they lives will be lost  
There is a price to pay, how many lives will it cost? (Come on)  
Since I run with the devil, I am one with the devil  
And I stay doing dirt so I'm a come with the shovel  
Is you on a level of a madman whose mind's twisted?  
Mad niggas dreams caught the last train, mine's missed it  
Listed as a manic-depressive with extreme paranoia  
And dog, I got something for ya  
Hear my name, feel my pain  
Niggas wanna steal my fame, but first, feel my reign  
Know what it's like to suffer, never have enough of  
Shit, starting off hard then only getting rougher  
Tougher, but then came the grease  
So if you wanna save the peace, tame the beast
