Let Them Die

Smoking Popes

Too big or way too small
I say let them die
Don't seem to care at all
I say let them dieLet them die
Let them die
Let them dieI know they are not happy with their lives
Let's do them a favor
They feel just like you, oh no, that's not true
That could be you someday that's why I sayLet them die
Let them die
Let them die
Let them die
Let them die
