

The Idols Are Dead

Brainless Wankers

I don't believe in theories | humanities theologies | it is no threnody | there's nothing wrong with me | disdain conformity | society authority | it's no delinquency | there's nothing wrong with me | everything is read | the idols are dead | I'm not in agony | don't need hagiarchy | I don't care about what they said | gonna make my day instead | it's my biology | entelechy psychology | I got my history | there's nothing wrong with me | everything is said | the idols are dead | I'm not in agony | don't need hagiarchy | I don't care about what they said | gonna make my day instead | I don't care about what they said | gonna make my day instead | and I still go ahead
