

Dr. Ice

Angel

Gambling is in his nature and his soul
To leave you broken is his goal
Winning is all that enters in his mind
He's cold as ice as you will find
Losing is what he'll teach you when you play
For every leisure have to pay
Betting, it's such a sin when you don't win
See the frost when Doctor spin, spin
Dr. Ice, he plays the pot
You put in all you've got
Dr. Ice, he takes the lot
Gambling is in his nature and his soul
To leave you broken is his goal
Betting, it's such a sin when you can't win
See the frost when Doctor spins
