Brothers (Remastered 2016)

Gamma Ray

My life, not yours
Is that alright no fight
I don't want to quit it
No, way is that okay
Now don't you dare, don't you dare
To touch it with your fingers
You sneak around, pull me down
Gimme no, gimme no, gimme no more bullshit
I know there's something goin' on
You better leave my life alone
You gotta take it as a matter of fact now step asideWe are brothers in rock, we won't let go
We got our music and we got our soul
And with sisters in rock we can change the world
If we tryCool down, now move around
Someday, maybe you will understand it
My way, okay feels so good, feels so good
To be with all my good friends
Don't you realize you talk too much
I got an easy way of life, don't touch
You gotta take it as a matter of fact now step asideIn the concrete jungle we play rock'n'roll
To set us free, to loose control
In the concrete jungle we can break the walls
That hold us down and keep us small
