Take Over

Tye Tribbett

All we want is You
Take over, Take over
'Til we are consumed
By nothing, nothing else but You
All we want is You
Take over, Take over
'Til we are consumed
By nothing, nothing else but You
All we want is You
Take over, Take over
'Til we are consumed
By nothing, nothing else but You
All we want is You
Take over, Take over
'Til we are consumed
By nothing, nothing else but You
Lord, take my mind
Take my heart, take my will

I give it all, I want more of You
All we want is more of You
Lord, take my mind
Take my heart, take my will
I give it all, I want more of You
All we want is more of You
All we want is You
Take over, Take over
'Til we are consumed
By nothing, nothing else but You
All we want is You
Take over, Take over
'Til we are consumed
By nothing, nothing else but You
Lord take over, take over
Lord take over, take over
Lord take over, take over
Lord take over, take over
