

Liquid Arms

Birds of Tokyo

We are paired
Like two limbs
Not perfect
Not in sync
I reach out into nothingMy voice evaporates
And leaves me
But I don't care
Cos I know
You're speechless too
The effect has taken on
Our senses all shut off
I surrender to liquid arms
In the ether
Answers foundAnd I don't want to leave
Or lose this peace
And I know who we are
And where we belong
I don't want to leave this peace
I don't want to leave this peace
[x2]Please don't wake up
