

Forever

Suffokate

Welcome To My Shadow I've Been Here Forever
waiting On Your Presence Still I Stand Unbroken
i Have Always Believed This And You Were So Fucking Cruel
in Your Darkest Of Hours You Will Be Waiting Alone
4x Power-Molds-Static 2x Static
dark Trials Dark Trials
and Your Wounds They Make Me Numb
my Fatal Shot
cause I Have A War In Me-Overlooked For So Long
and The Cost Is Your Life Its Done
a Mainline,A Function
the Joy Of Dishonor-Bleed For The Weak One
that Made You Hollow In Life-Hollow In Life
i Have Waited For So Long
4xfatal Shot
my Fatal This Fatal The Fatal Shot
