

Anything but Me

Lindsay Lohan

Nobody told me that I'd be in happy places
Just trying to erase the traces
What came before me
A girl that I used to see somewhere very deep
She's falling asleep and I'm trying to wake her said her pray Now is a never ending thing
One more minute turns into another
Before I've had time to to run from all the other ones
And its so hard to live a dream
When the everything that they want you to be
Is anything but me So much confusion circling inside my head
What this one and that one said
Its all an illusion
'Cause I'm still the same person no matter how fast I run
I'm trying to hold on to where it is I come from Now is a never ending thing
One more minute turns into another
Before I've had time to to run from all the other ones
And its so hard to live a dream
When the everything that they want you to be
Is anything but me Anything but me I'm trying to hold on to where it is I come from Now is a never ending thing
One more minute turns into another
Before I've had time to to run from all the other ones
And its so hard to live a dream
When the everything that they want you to be
Is anything but me
