Spend the Night (It's Alright)

Jesse Powell

Spend the night alright(Chorus)
Baby, it's OK
Honey, it's alright
You want to spend the night
Oh, it's alright(Verse 1)
Oh, so fine
And you're being kinda shy
Ooh, but that's alright
Girl, I think I know
What's on your mind, oh
'Cause it's getting late
And you're still here with me
Don't be afraid
To say what you really mean(Chorus x 2)(Verse 2)
Baby, I can see
I can see that you're in need
So, put your trust in me
And you won't have to wait any longer
