

# Here Lies the Idol

## Edge from Falling

You paint- a picture of your gods,  
But theyre- just as stained as you are.  
He wears - a disguise through it all  
Only leaving you in the dark. When- the earth quakes  
Your- walls will crumble.  
As- your spirit breaks,  
You- will finally bow down. You wait- a distance from your heart,  
the liars close your eyes.  
In pain- you let your spirit starve,  
Only- letting yourself die inside. When- the earth quakes  
Your- walls will crumble.  
As- your spirit breaks,  
You- will finally bow down.
