

# A-Yo

## Lady Gaga

[Intro]

A-YO, here we go[Verse 1]

I can't wait to smoke them all

Whole pack like Marlboro

Blow it in your face, blow it in your face

Blow it in your, blow it in your faceI can't wait to rev you up

Faster than you can say "Ferrari"

Tearin' up the gravel, watching you unravel

Now it's a partyHey, I can't wait to cast my spell

Which one you'll never tell

'Cause I got it covered, city babies lovin'

Got you trippin' like no other[Chorus]

I'm fallin', my body's got me feelin'

Light me up, I'm breathin'

Mirror on the ceiling

I'm fallin', my body's got me feelin'

Light me up, I'm breathin'

Mirror on the ceiling

A-YO, A-YO

We smokin' 'em all

A-YO, A-YO

We smokin' 'em all

A-YO, A-YO

We smokin' 'em all

A-YO, A-YO[Verse 2]

I can't wait to place four wheels

Right firm inside a [?]

Spin it in your face, spin it in your face

Play it in your, play it in your faceCan't wait to get you shook up

Faster than you can try to cheat it

You can try to hate it, you can try to hate me

But, baby, I laced it[Chorus]

I'm fallin', my body's got me feelin'

Light me up, I'm breathin'

Mirror on the ceiling

I'm fallin', my body's got me feelin'

Light me up, I'm breathin'

Mirror on the ceiling

A-YO, A-YO
