## Knife Party

No matter how high the mountain  
Sure my lucky stars will catch it  
As long as we fight it together,Â we can turn it aroundNo matter the weight of disaster  
You know I'll be right there to catch her  
So long as we fight it together,Â we can turn it aroundI'ma get it on now  
I'ma get it on now  
I'ma get it onÂ  
Â  
I'ma get it on now  
I'ma get it on now  
I'ma get it onNothing nothing turned into something  
Look at us now  
Got a good thing good thing  
Pulling at my heart strings,Â we turned it aroundNothing nothing turned into something  
Look at us now  
Got a good thing good thing  
Pulling at my heart strings, we turned it aroundNothing nothing turned into something  
Look at us now  
Got a good thing good thing  
Pulling at my heart strings,Â we turned it aroundNothing nothing turned into something  
Look at us now  
Got a good thing good thing  
Pulling at my heart strings,Â we turned it aroundNo matter the weight of disaster  
You know I'll be right there to catch her  
So long as we fight it together,Â we can turn it aroundI'ma get it on now  
I'ma get it on now  
I'ma get it onÂ I'ma get it on now  
I'ma get it on now  
I'ma get it onÂ Nothing nothing turned into something  
Look at us now  
Got a good thing good thing  
Pulling at my heart strings,Â we turned it around
