The Beat Goes On

Sam Paglia

Thought that I died today
Walked off the stage
Faded away into the clouds
To the gig in the sky
And when I arrived
The angels were singing a song
Yeah, you know the one
Are you singing along?
Thought I'd know just what to do
That it'd be how I wanted it to be of so new
But counting me in, I had to give in
Make the thunder and lightning sing
In the eye of the storm
There's no right and no wrong
So long, so long
Someday all the world will sing my song
Still life amaze
Somewhere in my heart the beat goes on
Thought it was the end of the world
Deep with guitars and all that I understand is here
Through mental un-word, I'm misunderstood
Wasting my money and fame
I'd throw it away just to prove that I can
I'm the last of a dying breed
And it's not the end of the world, oh no
It's not even the end of the day
So long, so long
Someday all the world will sing my song
Still life amaze
Somewhere in my heart the beat goes on
So long, so long
Someday all the world will sing my song
Still life amaze
Somewhere in my heart the beat goes on
So long, so long
Someday all the world will sing my song
Still life amaze
Somewhere in my heart the beat goes on
