At This Time

Pat Benatar

Another day another chance to get it right
Circumstances sabotage me in spite of what I try
No matter what I do
There's always something keeping me away from youI'd do anything to see your sweet smile
An I'd go anywhere to be with you for just awhile
Isn't it funny how some things are meant to be
There is no future here for you and me
At this time, at this time, at this timeNow I'm a girl who believes in destiny
But I suppose I should face reality
The timing's wrong, there's just too many obstacles
To get together now would be impossibleAnd what if fate has already played it's hand
And there's no future left in the plan
What if this is what lies in store
It only makes me want you even moreI'd do anything to see your sweet smile
An I'd go anywhere to be with you for just awhile
Isn't it funny how some things are meant to be
There is no future here for you and me
At this time, at this time, at this timeI'd do anything to see your sweet smile
An I'd go anywhere to be with you for just awhile
Isn't it funny how some things are meant to be
There is no future here for you and me
At this time, at this time, at this time(butterflies and moon beams are fragile things
I guess that's the way it is with love too
Sometimes it just doesn't work out)I'd do anything to see your sweet smile
An I'd go anywhere to be with you for just awhile
Isn't it funny how some things are meant to be
There is no future here for you and me
At this time, at this time, at this time
