You Know

Donell Jones

I want it all the time sex on my mind
I want it all the time sex on my mind
Want it want it all the time â€“ sex on my mind
I want it all the time sex on my mind
I want it all the time sex on my mind
Want it want it all the time â€“ sex on my mind

Iâ€™m steppin' on the gas and blowin' all my stash
With a bad chick who love the math, Iâ€™m talkin' cash
Oh gee Iâ€™m feelin' as shit
So you ainâ€™t even gotta aks me
You know

She fuckin' with a G, I can see 1$
And my whip stay scheming so we just keep callin'
Why she beggin' me to change
Donâ€™t make the rules, I play the game
You know

Pull up to the crib, I know she gon' deliver
Got a number 8 figure, booty like a stripper
But I got a girl at home
She leave this pimpin' life alone
You knowâ€¦

But I seem to keep choosin'
See a diamondâ€¦ I can keep it movin'
While I tell er Iâ€™mma change
Plenty women on the brain
You know
Man, Iâ€™m full of excuses
Look around and my girl gon' give me the deuces
While I tell er Iâ€™mma change
Plenty women on the brain
You knowâ€¦

I want it all the time sex on my mind
I want it all the time sex on my mind
I want it all the time sex on my mind

Want it all the time, Want it all the time

I treat er like a lady, love it when I spoil er
Take er down and then go high up like sequoias
Take her back to where she live
Uh yea, she know just what it is
You knowâ€¦

Got them VVS chromes
Uh now she love me
She like â€œdaddy, you somethingâ€•
Oh girl, itâ€™s nothing
Triple shots of this Patrone
And Iâ€™ll be turning off my phone
You know

I love my baby, donâ€™t get it confused
My favorite place sundown
Well, thatâ€™s next to you
Keep the cold one in the past
Try to be a better man
You know

But I seem to keep choosin'
See a diamondâ€¦ I can keep it movin'
While I tell er Iâ€™mma change
Plenty women on the brain
You know
Man, Iâ€™m full of excuses
Look around and my girl gon' give me the deuces
While I tell er Iâ€™mma change
Plenty women on the brain
You know

I want it all the time sex on my mind
I want it all the time sex on my mind
I want it all the time sex on my mind
Want it all the time, Want it all the time

I want it all the time sex on my mind
I want it all the time sex on my mind
I want it all the time sex on my mind
Want it all the time, Want it all the time

But I seem to keep choosin'
See a diamondâ€¦ I can keep it movin'

While I tell er Iâ€™mma change
Plenty women on the brain
You know
Man, Iâ€™m full of excuses
Look around and my girl gon give me the deuces
While I tell er Iâ€™mma change
Plenty women on the brain
You know

I want it all the time sex on my mind
I want it all the time sex on my mind
I want it all the time sex on my mind
Want it all the time, Want it all the time

I want it all the time sex on my mind
I want it all the time sex on my mind
I want it all the time sex on my mind
Want it all the time, Want it all the time
