

# Loose Cannons

## Jono Fernandez

Yo man, I don?t think they heard you  
Won?t ya tell 'em what your name is? Dr. Dre  
Daz, Kurupt

Yo man, I don?t think they heard you  
Won?t ya tell 'em what your name is? Dr. Dre  
Daz, Kurupt

Yo man, I don?t think they heard you  
Won?t ya tell 'em what your name is? Dr. Dre  
Daz, Kurupt

Yo man, I don?t think they heard you  
Won?t ya tell 'em what your name is? Dr. Dre  
Daz, Kurupt

Aight everybody get on the ground right now  
Yeah, this is not your money  
This is insured by the federal government  
So this is not your money, don?t move  
Don?t be a hero, and you won?t get blown  
The fuck up right now  
Yeah, aight y'all we got three minutes  
Startin' now let?s keep it rollin'  
Hit the bank from the back  
Double the trouble, forcin' my entry  
The first nigga that I saw, shot him in the jaw  
Xzibit started stompin' him and so did we  
(Get down bitch)

Aww shit, about time we started dumpin' on security  
High society, takin' what?s mine  
Snatchin' each purse after purse for every nickel and dime  
Premeditated created by the scorn and the hate  
But I made ma, the big time, lights and the shine  
It?s a full scale war, everybody bear arms  
Wear body armor, national arms  
Dip away to get away, sirens alarms screamin'  
Yellin' out, hell demons of war  
Hell hounds that surround the wells Fargo browns  
No tomorrow, hollow, harness rounds  
Take a sip of your Perrier

To pay, I?ma dump like a dump truck, scramble to make my escape  
Dat nigga Daz, shootin' so nothin' else come in

I?m shootin' in the opposite direction, we closed in  
Shells spread nigga because we can do the work  
First things first like snoop, I?ma shoot the clerk  
And I did, now it?s time to split get nigga get  
(Let?s go)  
Dumpin' and shoot the hostages  
Soopafly outside in the ride  
'Bout to start shootin' everything that he see outside  
Loose cannons, face covered with bandannas  
Chrome pieces, mother fuck the police  
It?s everybody killers on mine  
If I ever get caught for crime, won?t be doin' federal time  
Loose cannons, face covered with bandannas  
Chrome pieces, mother fuck the police  
It?s everybody killers on mine  
If I ever get caught for crime, won?t be doin' federal time
