[Matt Palmer](#)

Whatever It Takes

(M. Palmer, DFRNS)Sticks and stones won't break us tonight

You're stronger than you know

You're not alone cuz I'm on your side

I'll be your hand to holdAs we run like the wind

We fight 'til the end

Our love wasn't meant to break

And these lights in our eyes

Tell me we'll survive

We'll do whatever it takes

TonightThey'll cut you down and try to hurt you

They'll poison you with lies

But you shine bright like stars above do

So let's reach for the sky

They can't outrun this love

Boy we'll leave 'em dust

Cuz we're never giving up

They can't outrun this love

Boy we'll leave 'em dust

Cuz we're never giving up
