

Dehumanization

DEADSKIN

Lyrics: Angela Gossow This is the age of dehumanization

Perverted creation

Damned, misled children

You never stood a chance

Resurrecting a dead messiah

For a paralysed race

Damned, misled children

You never stood a chance Infected

Neglected

The new breed of a generation to come

Rejected

Ill-fated

The new breed - a generation to kill Sowing the seed of suffering

Upon these fertile hearts

Damned, misled children

You never stood a chance

Chosen to be slaughtered

By the masters of manipulation

Dmaned, misled children

You never stood a chance Infected

Neglected

The new breed

Of a generation to come

Rejected

Ill-fated

The new breed

Parasites

A generation to kill
