

Keep Me Guessing

Status Quo

I've been told a rumour that's been going round
You got a reputation and it won't lay down
But while you're feelin' the way you do
You can keep me guessing like I keep on guessing 'bout you
I keep on hearing you done me wrong
Don't make no difference, it won't be long
I'll play your games, You're soon gonna see
You can fool yourself, you can fool yourself
You can fool yourself, oh no, no you can't fool me
Oh, oh, I know what you want
I know what you want and that's all right, baby
Oh, oh, I know what you want

I know what you want, you give it all right
Oh, oh, I know what you want
I know what you want and that's all right, baby
Oh, oh, I know what you want
I know what you want, you give it all right
Your mama gave you some good advice
If you love this man then you won't look twice
Baby, and if you're feeling the way you do
Gonna keep me guessing, gonna keep me guessing
Gonna keep me guessing like I keep on guessing 'bout you
Gonna keep me guessing
Gonna keep me guessing
