Give Me Some Peace

Slow Club

Oh darling don't be blue
i was always waiting by the pond for you
not a shadow but a wave
kept me reeling right to this day
so when yoy talk like it wasn't enough
it hurst more than when I called it off
give me some peace
give me some sweet relief
In your brother's single bed
I meant everything that I said
call me crazy most do
'cos that's easier than looking inside of you
and as toxic as ever
it turns into terror
my freedom gone to grief
give me some peace
give me some sweet reliefOh I was lovely once I'm sure
but the turning of time left me tired
I'm a woman playing a girl
trying to feel less severe in your world
what makes tou so sure I'm lucky, you so sure I'm true
I'm turning up early 'cos I'm that scared of you
give me some peace
give me some sweet relief
'Cos wit a man on your mind
you can waste all of your time
and babe I know you want more
but I can't let myself fallSo just give me some peace
give me some sweet relief
