Good Love Child

Barclay James Harvest

Get up, get up, get up, child
Get off your knees
Take it, take it, take it, I'm easy
We're here to pleasePut your hands in the air
Put your feet on the ground
Put your mind in a dream
'Cause there's nothing we ain't seenGood love child
You know what I mean
Good love child
You've got to keep it clean
Good love child
Gonna steal the sceneMake love, make love, make love, child
And make it mean
Take love, take love, take love, child
And keep it cleanPut your hands in the air
Put your feet on the ground
Put your mind in a dream
'Cause there's nothing we ain't seenGood love child
You know what I mean
Good love child
You've got to keep it clean
Good love child
Gonna steal the sceneGood love child
Good love child
Good love childWake up, wake up, wake up, child
And look at me
Take love, take love, take love, child
And keep it cleanPut your hands in the air
Put your feet on the ground
Put your mind in a dream
'Cause there's nothing we ain't seenGood love child
You know what I mean
Good love child
You've got to keep it clean
Good love child
Gonna steal the sceneGood love child
Good love child
Good love childGet up, get up, get up, child
Get off your knees

Take it, take it, take it, I'm easy
It's here to squeezePut your hands in the air
Put your feet on the ground
Put your mind in a dream
'Cause there's nothing we ain't seenGood love child
You know what I mean
Good love child
You've got to keep it clean
Good love child
Gonna steal the scene
