

Lead Me To Water

Little River Band

Feeling like winter
Is this the way it's meant to be
 Stare out my window
 I see nothing but the trees
 I don't like this feeling
 Just me on the border
 I just want to feel like home
 Lead me to water, show me life
 Reach for that something that I can't find
 Take hold of my hand, bring me home tonight
 Lead me to water
 Walk to the daylight
 I see the end so far away
 Break through tomorrow
 It's just a game we all must play
 She is so many memories

She was all I ever knew
I just wanna feel like home
 Lead me to water, show me life
 Reach for that something that I can't find
 Take hold of my hand, bring me home tonight
 Lead me to water
 Better lead me to water
 Lead me to water, show me life
 Reach for that something that I can't find
 Take hold of my hand, bring me home tonight
 Lead me to water, show me life
 Reach for that something that I can't find
 Take hold of my hand, bring me home tonight
 Lead me to water
