Live to Win

Paul Stanley

Frustrated, degraded
Down before you're done
Rejection, depression
Can't get what you wantYou ask me how I make my way
You ask me every where and why
You hang on every word I say
But the truth sounds like a lieLive to win 'til you die
'Til the light dies in your eyes
Live to win take it all
Just keep fighting 'til you fallObsessive, compulsive
Suffocates your mind
Confusion, delusions
Kill your dreams in timeYou ask me how I took the pain
Crawled up from my lowest low
Step by step and day by day
'Til there's one last breath to goLive to win 'til you die
'Til the light dies in your eyes
Live to win, take it all
Just keep fighting 'til you fallDay by day, kickin' all the way
I'm not cavin' in
Let another round begin, live to win
Yeah, live, yeah, winLive to win 'til you die
'Til the light dies in your eyes
Live to win take it all
Just keep fighting 'til you fallDay by day, kickin' all the way
I'm not cavin' in
Let another round begin, live to win
Live to win, live to win
Yeah, live, yeah, win
