

# Oh My Word

## Flip Grater

If you plan to stand still  
would you move aside  
If you can be locked down  
God knows I have tried Oh my word I've been waiting  
For you to walk on by  
Oh my word I've been staying  
Inside safe and dry Will you live underground  
And crawl out when it's light  
Do you fail to stand up  
And stand in when it's right Oh my word I'm just saying  
Would you aim this high  
Oh my word I'm just waiting  
For you at my side
