

Warning

A

It's a warning, that's as far as we go
Warning, that's as far as we go Save it for the Jury, 'cause I don't care anymore
You're not even worthy It's a warning, that's as far as we go
Warning, that's as far as we go I don't even know you, I don't even want to know
'Cause I think you're mental
