One Against All

Earth Crisis

Instinct, survivalism
One against all, against one
The living now envy
Those who perished in ruinsThe brutal live on in competition
Death's masterpiece nears its completion
Left in the aftermath
World WarSurvivalism
One against all, against one
The living now envy
Those who, those who perishedAdapt to the harshness
Or you become one
One with the dustAdapt to the harshness
Or you become one
One with the dustAdapt to the harshness
Or become one
One with the dustAdapt to the harshness
Or become one against
One against allArmies of the world clashed against
Each other as it had been prophesied
Severed heads, adorned pikes
Stark against the barren landThe horror of all horrors
When the warheads detonate
Will this be mankind's fate
Brought by hi-tech barbarians?The law
Of lead now reignsThe law of lead is what, now, reigns
The law of lead is what, now, reignsNow reigns
Now reigns
Now reigns
