

# Tokyo

## Zarpa

I am Tokyo, I am here  
I am blazing lights on your street  
I'm an upstart, bound to cross you  
I'm the hypocrite by your side  
She won't forget  
And I won't forget  
And no one around could tell us apart  
'Cause we were one mouth and one robot heart  
I am Tokyo, I am here  
I am neon signs on your street  
I'm an army of wind turbines  
Marching over your countryside  
She won't forget  
And I won't forget  
And no one around could tell us apart  
'Cause we were one mouth and one robot heart  
There's never enough time  
Only, only a glare off rainbow bridge  
Pin prick to the heart  
Again and again, I felt every spark  
She won't forget  
A I won't forget  
And no one around could tell us apart  
'Cause we were one mouth and one robot heart  
We're burning through town like there's nothing to lose  
'Cause we were one mouth and one robot heart
