

I Love To Love You Too

Sarantos

I love to love you too
Intro
Oh yeah
In my dreams
Oh yeah
Oh yeah
Verse 1
In my dreams, I see you
Close my eyes, never feeling blue
Hold me baby, show me how
Love me, I mean right now
On the dance floor, me n' you
Shaking my body, makin' my move
It's time to prove
I love you I love you
Chorus 1
I love to, love you too
I wish you, always knew
I want to, be with you
I love babe, to love you I love, to love you
I love to love you too
You, you
Lover, love me too
Verse 2
At night, I lie awake
Close my eyes, relive my mistake
Why so many times, over & over again
I don't remember, you're still in my head
You're still in my head, my head
When we get, back on the dance floor
Movin' & groovin', you got me wanting more
Cuz you know, what to do
Baby, I love you
Chorus 2
I love to, love you too
I wish you, always knew
I want to, be with you
I love babe, to love you I love to love you too
I love to love you too
Lover, lover love me too
Lover, love me too
Verse 3
Baby you feel so right
I love to hold you tight
Baby you want me now
I'd love to, show you how
Love to show you how
Step out on the dance floor
And show me how, show me how
Come on now
Chorus 3
I love to love you too
I want to hold you
I wish you always knew
I love to love, love you
Love you, love you
Love, love
I love to love you too
