

# Beauty\*2 (Frozen Smoke Remix)

## Ladytron

I sent you out to play last night  
The alarms went off at three.  
Funny how I'm not loving now  
Lonely does not guarantee.I sent you out to play last night  
The alarms went off at three.  
Funny how I'm not loving now  
He's not coming home to me.I sent you out to play last night  
The alarms went off at three.  
Funny how I'm not loving now  
He's not coming home to me.And I move out of love.  
If only there was only no consequence.  
I'd watch it all turn to dust.
