

# Girl I Love You (featuring Horace Andy)

## Massive Attack

Girl, I love you but your loving, it's gone forever  
Gonna miss you but my love, it's gone forever I said, I love you, but your loving has gone forever  
Gonna miss you, but my love has gone forever Girl, I'm back in Spanish town  
Ain't no trouble coming around  
You promise you will never let me down  
If you love me that much you will stick around It's hard to tell that your love exist  
But I know this one is for real  
Girl, I love you but your loving, it's gone forever  
Forever
