

Maway

Dan Croll

You moved here from another town,
Your mother said she let you down.
Your father's ran away to sea,
And left you here to live by me.CHORUS:
Maybe I should ring,
Maybe I should call you my girl.
Baby come maway,
Baby come maway,
Come maway.I never thought your family would,
And now you walk into my neighborhood.
Tired of walking the streets alone,
You don't know where to call your home.Well maybe I should call on you,
I let you do what you want to do.
Escape for a little while,
And we can walk 'cause I like your style.CHORUSCHORUSI never thought I'd catch your eye,
But now it seems you never want to leave my side.
Your family wants you back from me,
But I had this from you,
Now you never want to leave,
So maybe.CHORUSCHORUSBaby come maway,
Baby come maway,
Come maway.Baby come maway,
Baby come maway,
Come maway.Baby come maway,
Baby come maway,
Come maway.
