Love To Love

Darius

Feels so good, when you love me like you should
I'd stay forever here with you, if I knew that I could
I know inside, got my heart open wide
I want them all to see you and me, we're together side by side
crazy, you made me over you, girl it's true
love to love the way that you love me
you're such a part of me I feel, I can see that it's real to me
and whatever it might be, as long as you love me
I'll still be in love, love to love
can't get enough, of all I can't ???
you've been on my mind all the time, baby girl ya give me love
please don't change and subject me to such pain

couldn't do what I do if I live without you, I would never be the same
crazy, you made me over you, girl it's true 'cause I
love to love the way that you love me
you're such a part of me I feel, I can see that it's real to me
and whatever it might be, as long as you love me
I'll still be in love, love to love the love
baby, there's one thing you should know
you had me when you said hello
no, I'll never let you go, No..No
