

Learn from This (Acoustic) [Bonus Track]

Lyfe Jennings

She been gone, almost two weeks now
Tired as hell, but i cant sleep now
I miss my kids, and though i see them everyday it aint the same
This big house is full of echos
Im thinkin now maybe i should just let it go
Cause its too big for just me
Too many memories(Chorus)
So i pay my child support like the judge tells me too
And ill stay out all night drinkin' while im getting over you
Its sad but its true
Dont know what else i can do
Guess ill pull my fuckin' heart out on this CD like a fool
Yall better learn from this... (4x)
MmmI day-dream of how we used to be
And eat ice cream untill the box is clean
I miss my kids, and even though they live right up the street
Its killing me
My phone rings for what seems like hours
And when they ask for you, i say your in the shower (laughs)
Its my way of calming down
Its either that or burn this fuckin' house to the ground(chorus)
So ill pay my child support like the judge told me too
And ill stay out all night drinking while in getting over you
Its sad but its true
But im gonna do the best i can
And if by chance i dont make it, the kids tuition is my timbrlands
Learn from this.. (4x)
