

# On a Plane

## Kajagoogoo

(VERSE 1)

I thought you had  
A dreaming to fly  
Until I saw

The doubt in your eye(BRIDGE 1)

Tell you what Ill do, Im gonna do  
Get on, get on out with you now

Ill tell you what Ill do, Im gonna do  
Travel on back with you now(CHORUS)

On a plane, you make no sound

Youll get your courage back again when we touch down

On a plane, take my breath away

Ill watch your courage come back again when we touch down(VERSE 2)

Fly with me

Find peace in the clouds  
The laws of gravity

Cant hold me down(BRIDGE 2)

Tell you what Ill do, Im gonna do  
Get on, get on out with you now

Ill tell you what Ill do, Im gonna do

Travel on back with you now

Tell you what Ill do, Im gonna do  
Get on, get on out with you now

Ill tell you what Ill do, Im gonna do

Travel on back with you now(REPEAT CHORUS)

On a plane, you make no sound

Youll get your courage back again when we touch down

On a plane, take my breath away

Ill watch your courage come back again when we touch down(FINAL CHORUS)

On a plane, you make no sound

Youll get your courage back again when we touch down

On a plane, take my breath away

Ill watch your courage come back again when we touch down

(REPEAT FADING)
