Dream Come True

Souleye

No matter what / Intro
Verse
You see how life has lessons /
If we don't learn where missing /
Out on what is truly giving /
Some people call it destiny /
When it's such a distance /
Ahhh I can barely reach it /
Close but then it's gone /
So we keep on climbing /
Reaching the highest climax /
Praying that it won't go /
It's lonely only after /
You finish the final chapter /
And you cant really read /
You see all the words they get
Oh so blurry /
But please don't worry
I'm right there waiting /
Verse 2If your love has a language /
I want to learn it /
Every single verb an adjective /
I want to earn it /
To be a pro now /
Means I'm one with your voice /
As if I was the candle that you blew out /
I see the smoke signal /
It's no longer single /
Smell the sage mixed with mahogany
I love my wife my life
Call it monogamy /
Nuclear family /
Now that's a recipe /I'm right there waiting / outro
